..Stephen King, Donald Trump, Jay Leno and Faith Hill. What are they cooking? Would you believe Franco American Spaghetti mixed with greasy ground beef, or a special lasagna, chicken wing or meat loaf recipe?

The *Celebrity Cookbook* offers a quick peek into the kitchens of world-famous personalities and renowned chefs with a collection of over 100 donated recipes, photos and autographs. This book takes you on an entertaining journey through celebrity pantries, and at the same time provides funding for a worthy and very important cause.

A percentage of the sales proceeds from the *Celebrity Cookbook* will be donated to the National AIDS Fund, which is dedicated to eliminating HIV/AIDS through research, advocacy and education. The contributors to this collection are united in their support of this effort, and it was with great honor and a loving heart that Lisa Ann diligently compiled the exceptional recipes she shares in this unique, and delightfully engaging book.

Why not host your own celebrity dinner party by preparing dishes from your favorites among these illustrious recipes!

## ABOUT THE AUTHOR...

*Lisa Ann makes her debut as an author with the **Celebrity Cookbook**. She is a native of southern California, and at the age of sixteen began working in the entertainment industry as a personal assistant to a favorite actress. This led to working with many other celebrities, ultimately in the public relations field. Fourteen years later, Lisa Ann has had the opportunity to meet many wonderful people, and has developed a special interest in helping those who are afflicted with HIV and AIDS. As such, she will be donating a percentage of her sales proceeds to the National Aids Fund, which is one of America's largest philanthropic organizations dedicated to eliminating HIV/AIDS as a major health and social problem.*

*When not writing, Lisa Ann's favorite place to be is in the kitchen, preparing great food to share with friends and family. She resides in Newport Beach, California, and enjoys traveling and the theatre.*
